A groundbreaking work of narrative nonfiction that investigates Munchausen by Proxy from the host and creator of the award-winning true crime podcast Nobody Should Believe Me. No bond is more sacred than that between a mother and child. And no one is more sympathetic than a mother whose child faces a life-threatening illness. But what if the mother is the cause of the illness? What if the sympathy is the point? Munchausen by proxy (MBP) has fascinated and horrified both professionals and the general public since this disturbing form of child abuse was first identified. But even as the public... The story benefits from its well-defined structure, which helps maintain momentum throughout. Each section contributes to the larger narrative arc, ensuring that the story feels purposeful. This structural clarity enhances readability and overall enjoyment.
