***CHUCK HOGAN***

The incredible true story of a group of moms who, united by their love of true crime, attempt to solve a fifteen-year-old cold case. A lot of us like to think we could solve a murder mystery. Could these stay-at-home moms actually do it? In 2020, four women found themselves at a bowling night fundraiser for their kids' school, they discover they all share a passion for true crime that crystalizes around a mysterious double homicide that took place a decade earlier. A married couple in their 60s vanished overnight from their home. A few days later, the family business was shuttered, and the bank financing it sued the missing couple for one million dollars. They were rumored to have absconded with the money until their bodies were discovered inside their car at the bottom of a steep ravine. And then the case went cold. But what if, the moms think, they could solve it? The women have no prior connection to the case and no law-enforcement background, but each brings a special set of skills to the table: Marissa's background as a former forensic accountant; Jeannie's passion for journalism; Samira's ambition and drive; and Nicole's nose for research. With the world now on pause due to the pandemic, the moms have unique access to witnesses and crime experts who are stuck at home. They make connections, draw conclusions, and experience breakthroughs in the case wilder than anything they could have imagined. When an awe-struck Assistant District Attorney reopens the case, enlisting the four women in the official investigation, they not only get further than anyone ever expected, but end up in real danger themselves. Marissa, Jeannie, Samira, and Nicole's story is the ultimate wish fulfillment for any true crime fanatic. An emotional and often terrifying odyssey through a DIY criminal investigation, *The Carpool Detectives Club* is an absolutely thrilling read for armchair sleuths and mystery fans alike.
