## The Debtor's Game by Isabelle Mongeau

Written by Idraoyhac

## Introduction

In a world where faeries are born with tattoos of debt to the High Fae, one servant must navigate a game of dangerous, sensual court politics between her mistress and the king—the first installment in a dark fantasy series. As a palace faerie, Avery is busy preparing Lady Cassandra, a High Fae of the House of Illusions, for the upcoming coronation. Both of their freedoms rely on Cassandra, to escape her violent brother, and Avery, to pay off rings of debt tattoos she has inherited from her family, which force her to serve the High Fae. After a series of tragic events, Avery is forced to split her loyalties between Lady Cassandra and the newly crowned King Maxian, an alluring High Fae of staggering power. Avery agrees to spy on the King in exchange for liberating her family from debt, forming a triangle that proves more dangerous by the minute—further complicated by Avery’s warring desire and resentment for both Maxian and Cassandra. But freedom from her debt grows further out of reach when she’s forced to test her loyalties, leading her to uncover secrets about the High Fae with earth-shattering implications. Soon, Avery must find out whether the faeries—and herself—are really as powerless against the High Fae as they seem...or whether she just might hold the key to freeing them all.

## Purpose of This Publication

This document is presented as an informational publication intended to provide general insight and educational context related to the subject matter. The content is designed for reading and reference purposes only.
