## Introduction

I've crafted my new life in Ember Falls with two simple rules: maintain superficial relationships and always be ready to run. But when my son's incredibly hot hockey coach Miles Anderson walks in, things get very, very complicated. With his charming smile and our accidental dates, he's the exact opposite of any man I've ever dated. That should make saying yes to being with him simple, but nothing in my life is easy. In fact, it's a mess. Miles makes me smile and treats my son like his own. When we're together, I forget about my troubles and dream of a life that I will never be able to have with him. It's only a matter of time until the past comes knocking and I'll have to leave, breaking us both in the process.

## Purpose of This Publication

This document is presented as an informational publication intended to provide general insight and educational context related to the subject matter. The content is designed for reading and reference purposes only.

## Publication Information

Format: Digital Publication
